

# Pug Puppy Application Form

*As a breeder, my goal is to place each of my puppies in his or her "forever" home. Some of the questions may seem personal (and there are no right or wrong answers); however candor and honesty are very important – remember I am trusting you for the lifetime of the dog. Our pugs are family and are raised in the house with our family. Our puppies will be well adjusted to a variety of environments including other dogs, cats, and children. They are raised with love and care.*

We do require a \$200 non-refundable deposit to get on our wait list (will be applied to the price of your puppy). This deposit will only be refunded if we do not produce the gender and color you are wanting within one year. Once your application is approved, the deposit should be sent via PayPal or Venmo (a 4% processing fee will be added if an invoice is required or if the funds are not sent via "friends and family"). Once your puppy is born and you receive your notification, an additional \$500 non-refundable deposit must be received within 3 business days to hold your puppy. The deposit should be sent via PayPal or Venmo (a 4% processing fee will be added if an invoice is required or if the funds are not sent via "friends and family"). Once we receive your \$500 deposit, we are assuming that the puppy has a home and is no longer available. Should something happen to your puppy while in our care or puppy is not adoptable, deposit can be transferred to another future litter or we will refund your total deposit of \$700 (this does not happen often at all and is the only circumstance where any refund will be issued). The balance on your puppy is due at pick up in cash (or in advance if being done electronically - cash is the preference).

For the safety of our puppies and our other dogs, we will not allow visitors until the puppy has had their first set of shots at around 6 weeks of age (and we only allow visitors in our fenced front yard as we frequently have younger, un-vaccinated puppies or pregnant girls in the house). I will send pictures/videos and give updates on the puppies. You will select your puppy in your deposit order, around 4 weeks of age (we can do Facetime or other video calls so you can "see" your puppy). Puppies will not be allowed to leave their mother until at least 8 weeks of age (and once the vet agrees that they are ready for their forever homes). They will be given three rounds of wormer and their first set of shots. Unless for medical reasons, you will need to pick up your puppy (or arrange for transport) by 10 weeks of age. After 10 weeks, unless arrangements are made well in advance, there is a \$15 daily boarding fee and, if another set of shots are needed to keep puppy on schedule, they are \$25.

Puppies are sold under limited registration only and no breeding rights are given. By submitting and signing this application, you agree that you are 18 years of age or older and agree to the above guidelines.
